MY PROJECTS

Couch Surf: https://github.com/Ewager1/CouchSurf-1
A collaboration project of a fully customizable dashboard app. I was responsible for the **YouTube** and news A**PI** build and integration. (JS, HTML, CSS, AJAX)

Couch Surf: https://ewager1.github.io/Basic-Day-Planner/
A day planner that demonstrates understanding of local storage and some basic styling. I build the date functionality from scratch instead of using a third-party library. (JS,HTML,CSS)

Trivia Quiz: https://smanter82.github.io/TimedCodingQuiz/
A simple trivia quiz demonstrating some more complex logic, setting time intervals in functions, local storage, and basic sounds and graphics.
(JS, HTML, CSS)
